

SEP 19 1953

Admiral Robert B. Carney, J.S.M.  
Chief of Naval Operations  
Washington 25, D. C.

Dear Admiral Carney:

Your letter of August 20 inviting me to address the classes and staff of the Naval War College on November 4 was brought to my attention upon my return. I am delighted to accept this invitation and I know from past experience with the traditional Newport hospitality that I shall not regret it. Quite apart from this, however, I consider it an important and welcome obligation of mine to keep the top service schools abreast of our latest thinking on major problems of U. S. intelligence.

I will get in touch directly with Admiral Conolly about arrangements.

Sincerely,

SIGNED

Allen W. Dulles  
Director
